

Girl's Name: Ou Sok Or

**Ou Sok Or** was born on May 14<sup>th</sup> 2005 in Lvea Village, Chey Commune, Kampong Svay District, Kampong Thom Province. She is a student in 7<sup>th</sup> grade at The Kozak Ohana School # 285 or Trapaing Arak Secondary School. It is located in Trapaing Arak Village, Chey Commune, Kampong Svay District, Kampong Thom Province.

**Sok Or** is 13 years old and has four siblings. She is the eldest child. Her parents are farmers who own one hectare of farmland in a rain-fed-area. Her younger siblings still study at Primary School. Her family can produce 800kg of rice in a good year. This amount varies year to year. As this is not enough to support the family's needs, Sok Or's parents travel to Preah Vihear Province for employment of picking soybeans and picking potatoes, making \$4-5 a day. As Sok Or is the eldest child, she is responsible to care for her younger siblings and taking care of the house when her parents are away for work. However, these difficulties do not deter her from her studies, and she hopes to be a Khmer teacher in a secondary school when she is older.
