

Girl's Name: Romam Rith

Romam Rith is 14 years. She is in grade 5 at Sophie A. KRASOWSKI school which is located in Plor village, Borkham commune, Oyadav district, Ratanakiri province.

Rith is an ethnic minority person. She has 4 siblings. She is the third child among 6 members in the family. She is an orphan child.

Unfortunately her parents were divorced while she is a younger. Her father moved to live on with his new wife in the other village, so she is just living with her mother with own small plot of farmland where she could cultivate the cassava.

She said that, every year her mother got a bit of income. Mostly of the income her mother pays for many debts including food and schooling...

She confirmed that, anyway these earnings couldn't provide a whole family as well. So her mother had a hard pursuit of income from veggies growing and other raising animals to support the family. She sometimes was absent from school due to helping her mother work at the farm.

For her future goal, she wishes to be a nurse because she enjoyed this career and then she could help her parents, relatives and all minority people in the location.
