

Girl's Name: Rochom Phim

Rocham Phim is 13 years. She is in grade 5 at Sophie A. KRASOWSKI school which is located in Plor village, Borkham commune, Oyadav district, Ratanakiri province.

Phim is an ethnic minority people she has 4 siblings. She is the third child in the family. Her parents both are very poor farmers they have a plot of farmland about 1.5 hectares which could cultivate cassava every year.

She said that her parents gather about 15 tons of cassava per year. After gathering the cassava her parents sell it and take the majority of income to compensate the Microfinance and some money pay for other debt like food, gasoline and other material.

The income is couldn't provide a whole family through out a year. So she has to help her mother work in the farm every day after school. Due to these difficult factors, she was often missed the class.

For her future purpose, she wishes to be a teacher of Mathematic in the high school. Because she is good at Mathematic.
