Sponsor's Name:

Son Ravdy is an 11 years old student in 5<sup>th</sup> grade at **The Shintoshin Rotary and Speros (Hawaii) School**, which is located in Pal Hal village, Rik Reay commune, Rovieng district, and Preah Vihear province.

Ravdy was born in a poor family with 6 members including her. She is the third born in the family. Her parents are farmers. Presently, they have gotten a small plot of farmland, which is about 800 square meters that could produce about 400 kilograms in a year. But that rice's output isn't sufficient to support their family for a whole year. Therefore, Ravdy's parents have to grow some crops at their small farm for selling in order to fill up the family's needs.

Howsoever the income which her parents have earned from the rice harvesting and other income from selling vegetables weren't affordable for the stuffs needed such as clothes, uniforms and school supplies for the children etc. As for Ravdy sometimes she was forced to quit from school because of her parents necessarily needed to help growing vegetables at the farm.
