

Girl's Name: Romam Plan

Romam Plan is 14 years. She is in grade 5 at SophieA.KRASOWSKI SCHOOL witch located in Plor village, Borkham commune, Oyadav district, Ratanakiri province.

Plan is an ethic minority people she has 10 siblings. She is the seventh child in the family. Their parents are both poor famers they have a small plot of farmland witch could cultivate cassava every year.

To further supplement the meager income, her parents had a pursuit work as a day labor witch earing \$3.5 per day.

She confirmed that, anyway these earning couldn't provide a whole family as well. So she sometime she has to help them after from school and some time she just stay at home to look after her young sibling sister.

For her future goal, she wants to be come a teacher in the primary school because she enjoyed this career and then she could help to support her family and minority people.
