

Girl's profile: Vun Minea

Vun Minea is 15 years old student in 7th grade at The Chop Ta Trav secondary School which is located in Chop village, Chop commune, Angkor Thom district, and Siem Reap province.

Minea has gotten five members in the family. She has gotten one older brother and two younger brothers she is the second child in the family. Her parents are farmers. Her parents have had one hectare of farmland for transplanting rice.

Her parents have gathered for one tons of rice's output per year but the rice's output couldn't afford the family for a whole year.

Moreover, her parents got low income from her work. So, sometime her parents to harvesting rice for additional income helps the family they get 20000 Riels per day. And per month her mother get about 60000 Riels to support for her family so it still was inadequate to afford the needs such as clothes, uniforms and school supplies etc. Whereas, she promised that if she will be supported for \$10 every month she will try to study hard and she will use that money to patch up for her study.

In the future, she wants to become a tailor because she wants to earn money to and support her family.
