

Chem Sreykea

Chem Sreykea is fourteen years old student in 8th grade at the Dahlia Sam School in Rong Machine village, Tasal commune, Oral district, Kampong Speu province.

Sreykea has 3 sisters and 3 brothers. She is the last child in the family. Her parents are getting older now. Her parents are farmer who own 0.90 hectare of rice field for farming. Her parents can gather around 15 to 20 sacks (50kg/sack) of rice production in a year. Her fourth sister is a garment factory worker who send home some money to support family condition, besides, her another sibling were get married and separates living. Her parents can earn less than 4000 riels per day to support the family.

In her free time, Sreykea loves to read books, do homework, do housework, feeding cow and transplant little bit crops for family usage. For school day, she can get 500 to 1,000 riels.

In the future, Sreykea dreams to be a teacher because she loves teaching young children and wants to share knowledge with the next generation. She thinks that her career is an honor for herself and can earn money to support the family.
