

## Profile of Thieng Sreipech

**Sreipech** is 10 years old and she is in grade 5 at the Wahrenbrock Family School #235 in Takeo province, Ko Antet district, Pech Sar commune, Chong Angkar village.

There are four members in her family. She has one younger brother and one sister include her. She is oldest child in her family. Her family is poor; her parents are farmers. They have 20A field farmland which has produced average is 370 kg of rice per year. However, this is only the ideal output because he needs to barter for fertilizer and other expenditures during the farming process. **Sreipech's** parents have enough money to buy food and a school supply during **Sreipech** is studying at school. Therefore, **Sreipech** usually helps her mother housework and takes care baby brother when she has free time.

**Sreipech** would likes to be a doctor when she grows up. She loves the position very much. Moreover, she wants to assist patients in the rural villages. In her idea she thinks that rural villagers have not enough money to private hospital. And she glorifies domain of health and wants the rural people to believe in state hospital that all the doctors really try their best to take care the patients.

**Sreipech** would loves to earn money to support her family in the future when she is going to succeed in her aspiration.
